Hello Kerstin,

I have notified our Finance department and the fee for the Historic Resource Review application for **Embarcadero Plaza/Sue Bierman Park Improvement Project** will be added to the quarterly WO. The intake for your project is complete and has been routed to **Monica Giacomucci,** copied here, for the initial review and planner assignment. You will receive an update within 45 days from this email, by **9/8/2025.** Please let me know if you have any further questions.

Thank you.

Hi Virna,

I just gave you access via your email and not planning intake email. Sorry, I didn't realize you also work on the intake. I thought Josephine did Historic Preservation intake and you just EP.

Just want to confirm this application is with the historic preservation division and **not** EP.

Let me know you if need anything else!

Kerstin

Subject: Embarcadero Plaza/Sue Bierman Park Improvement Project

Hello Planning,

Please see the attached application for HRR determination reports for REC's Embarcadero Plaza/Sue Bierman Park Improvement Project.

Our historic preservation consultant has prepared three HRRs, for the following spaces and structures:

1. Sue Bierman Park
2. Embarcadero Plaza
3. Vaillancourt Fountain

The reports can be accessed here: EmbarcaderoPlazaSueBiermanImprPrit-FINAL HRRs-072325

Please bill T&M to REC's existing WO.

Let me know if you need any further information. **Please keep the PM @Goodwin, Eoanna (REC) ced on all correspondence** as I'll be OOO July 28 thru August 15.

Thank you,

Kerstin

Kerstin Kalchmayr (she/her)

Subject:	CPC/RPD meeting minutes: 11/27/24
Date:	Monday, December 2, 2024 2:52:22 PM

Hi Team Planning,

Below our meeting minutes from last week's meeting.

Meeting minutes:

- **Embarcadero Plaza Improvement Project**
  - Plaza has been determined in the Better Market Streets EIR to not be a historic resource due to a lack of integrity
  - Fountain is considered a contributing feature
  - Brick work is not contributing as its also lost integrity
  - Fountain can possibly be placed in storage to be relocated to another location.
  - Planning to determine the appropriate method for codifying this project.
  - RPD will contract with a preservation consultant to determine best method to dismantle the fountain
  - Kerstin and Michelle to work on scope for preservation consultant

- **Bernal Heights Playground**
  - Kirola lawsuit is requiring REC to fix non-compliant issues at playground by fall 2025
  - New ADA ramp to access playground will be installed
  - Entire playground will be replaced, sand removed and poured in place will be installed
  - Community will decide if the sandpit is to be retained.
  - RPD to submit CEQA application by end of year (2024)

- **Botanical restroom and Pathway Improvements, Tenderloin Rec Center Bathroom Improvements**
  - Kirola lawsuit requires ADA improvements at SF Botanical Garden south restroom and Tenderloin Rec Center restroom and pathway updates at Botanical Garden
  - Improvements, all must be completed by fall 2025.
  - All 3 improvement projects will be submitted on 1 CEQA application

- **22nd street stairs at Potrero Hill Rec Center**
  - REC to submit CEQA soon
  - DPW's minor encroachment permit not needed for application but state that the permit application is in progress
  - Approval action will be the PAL

- **Japantown Peace Plaza: Pagoda Roof**
  - During construction contractor discovered copper roof on Pagoda is ribbed

- ARG recommends replacing in kind, however, there were water intrusion issues with this design when originally installed and may not be feasible to reinstall
- Planning recommends ARG compose a memo identifying the issue and proposing a solution

- **GGP Indigenous Garden**
  - Planning will confirm boundaries of the Murphy windmill landmark to see if current project encroaches on the landmarking site.
  - Project will likely require an HRR part 2 as part of the exemption.

Subject:	CPC/RPD meeting notes 8/13/24
Date:	Wednesday, August 14, 2024 11:24:56 AM

Hello all,

Please see below our meeting notes from yesterday.

- **McLaren Trails**
  - Project scope of work has not changed, number of trees that need to be removed have been refined due to field analysis and more trees have been identified as hazardous than previously anticipated
  - Planning to inquire internally about the appropriate way to codify this addition.

- **IB PG&E Pit Acquisition**
  - RPD is acquiring the PG&E parcel that is located within India Basin Shoreline Park
  - The park renovation is cleared under the India Basin mixed-use EIR
  - RPD requires 'not a project' email from Planning for BOS approval for the acquisition
- **Twin Peaks Acquisition**
  - RPD is acquiring PW property to complete the Twin Peaks promenade
  - Twin Peaks promenade project has a CatEx
  - RPD requires 'not a project' email from Planning for BOS approval for acquisition

- **Not a project memo**
  - Planning in process of updating their 'not a project' memo and will share with RPD for review

- **Great Highway Dune Revegetation**
  - The project area would fall on both RPD and NPS jurisdiction
  - NEPA, CEQA would likely need to be completed, Coastal Development Permit may also be needed

- **Embarcadero Plaza**
  - Boston Properties interested in partnering with RPD to renovate the Plaza
  - Historic status of the Plaza must be analyzed
  - Planning to inquire if the Plaza has been analyzed under previous EIRs in the area

- **Lot Mergers**
  - Planning will inquire whether RPD needs to continue submitting a GPR for lot mergers as it is a costly and time-consuming process
  - RPD to continue filing, if changes are needed the GPRs can be reissued

Subject:	CPC/RPD: Meeting minutes 10/08/24
Date:	Wednesday, October 9, 2024 11:32:20 AM

Hi Planning team,

Below our meeting minutes from yesterday.

@Langlie, Michelle (CPC) friendly reminder to pls take a look at the plans we discussed yesterday to see how the Embarcadero Plaza Revitalization Project could get codified. The most recent concept designs are in that SF Chronical article, see link below.

McLaren Trails

- Revised NTF is in review
- Will be issued early next week

Great Highway (GH) Dune project

- Dune rehabilitation is a separate project to the possible GH closure
- Dune rehab is a maintenance project exempt under the LCP and considered 'not a project' under CEQA
- Planning will issue a 'not a project' confirmation memo
- NPS will complete their own NEPA review

GH Closure

- If voters elect to close the GH, then closure needs to be codified as soon as possible
- Need to determine correct environmental clearance as the project will require a coastal development permit
    - Could likely get a StatEx which will consolidate the SFMTA project at Sloat Blvd and the GH closure

Embarcadero Plaza

- Planning to review the **Better Market Street** and **Waterfront Plans** to determine how the Embarcadero Plaza revitalization project can get codified
- Fountain would potentially be moved to another location, red bricks may be removed
- Most recent concept designs are available here: https://www.sfchronicle.com/sf/article/s-f-embarcadero-plaza-new-park-19577945.php

Thanks!

Subject: Embarcadero Plaza and Sue Bierman HRR
Date: Wednesday, February 26, 2025 12:01:36 PM
Attachments: image002.png
image003.png

Hi All,

Looking forward to discussing today if necessary. See our current plan below by Page & Turnbull's for the HRR:

- ***Vaillancourt Fountain HRR***
  - *Intro: This HRR will focus on Vaillancourt Fountain only (not full Embarcadero Plaza - see below for explanation as update vs full HRR)*
  - *Existing historic status: Fountain has not previously been individually evaluated as an individual object. Contributing feature to the NR/CR-eligible Market Street Cultural Landscape Historic District as identified in the Better Market Street EIR (2016 DPR prepared by ICF) https://sfplanning.org/project/better-market-street-environmental-review-process#info*
  - *Current photos*
    - *Vaillancourt Fountain*
    - *Surrounding Embarcadero Plaza and neighboring building context (will not include comprehensive documentation of all elements/features in Embarcadero Plaza)*
  - *Summary Site History*
    - *Brief Site Context*
    - *Alteration Chronology*
    - *Summary Ownership History*
  - *Evaluation – Evaluation of Vaillancourt Fountain only as an individual object*
    - *National Register & California Register significance evaluation*
    - *Integrity discussion*
    - *Character-defining features list (if relevant)*
  - *References*
  - *Appendix*
    - *Historic maps and photos*
    - *Selected newspaper & journal articles*
    - *2016 DPR form for Embarcadero Plaza (from Better Market Street EIR)*
    - *Preparer Qualifications*

To the best of our knowledge, Sue Bierman Park has not been previously evaluated. Given that Embarcadero Plaza was evaluated in 2016 (so within the last 10 years), we do not know if a new evaluation would be required by Planning Department. However, if requested by Planning, we could prepare a more abbreviated HRR that does not include a new evaluation, but rather summarizes the prior findings/historic status and

provides some updates. Here is what we might propose as <u>additional scopes</u> for HRRs:

- ***Embarcadero Plaza HRR Update [TBD – Confirm Scope/Approach with Planning]***

  - *Intro*
  - *Existing Historic Status: Embarcadero Plaza was found to contribute to the NR/CR-eligible Market Street Cultural Landscape Historic District as identified in the Better Market Street EIR (2016 DPR prepared by ICF). Embarcadero Plaza was found to be individually significant under NR/CR Criterion C/3 (Architecture) but to lack sufficient integrity. https://sfplanning.org/project/better-market-street-environmental-review-process#info*
  - *Current Photos*
    - *Embarcadero Plaza including main landscape features of entire plaza (north and south)*
    - *Surrounding properties*
  - *Alterations since 2016 documentation*
  - *References*
  - *Appendix*
    - *Historic maps & photos [can Planning confirm if required?]*
    - *Selected newspaper & journal articles [can Planning confirm if required?]*
    - *2016 DPR form for Embarcadero Plaza (from Better Market Street EIR)*
    - *Preparer Qualifications*

- ***Sue Bierman Park HRR***

- *Intro*
- *Existing Historic Status – Planning to confirm if any prior evaluations on file*
- *Current Photos*
  - *Sue Bierman Park*
  - *Surrounding Properties*
- *Summary Site History & Construction Chronology*
  - *Would include brief discussion of site prior to Golden Gateway Redevelopment Area, summarize the 1960s design of the site, and the 1990s alterations (freeway removal) and more recent c.2011 redesign.*
- *Evaluation – National Register & California Register*
  - *Integrity discussion and list of character-defining features, if relevant*
- *References*
- *Appendix*
  - *Historic maps & photos*
  - *Selected newspaper & journal articles*
  - *Preparer Qualifications*

Importance:	High

Hi Rick, Rich, and Michelle,

Page & Turnbull have sent through their draft Embarcadero Plaza HRR – pls see at link below. Pls review and pls add any comments and edits directly into the document. You all have editing privileges.

If you're able to review by next **Wednesday April 23** that would be great! We can schedule a meeting to discuss any comments.

Embarcadero Plaza HRR

FYI: the Sue Bierman HRR draft will be coming by the end of this week.

Thank you!
Kerstin

Hi Michelle,

Below is the link to the final 3 HRR docs for the Embarcadero Plaza Improvement Project.

P&T added some updates to the Fountain HRR with some new info they learned and sent us the updated doc yesterday. These are now the final docs which you can use for your HRR Part 1 reports.

FINAL HRRs-051625

FYI…These are the updates that were made to the Fountain HRR per P&T

"Since we issued the previous report, I was made aware that the original concrete cubes around the air intake vents are in fact extant within the chain-link fence area – so I wanted to correct the chronology which said that they were demolished in the 2000s renovation"

Thanks,
Kerstin

Subject:	Embarcadero Plaza Update: Safety Fencing at Vaillancourt Fountain
Date:	Monday, June 9, 2025 5:48:01 AM

Hi Rich, Michelle, and Tania,

I hope you are doing well. I'm reaching out to give you a quick heads-up that the Recreation and Park Department will be installing temporary safety fencing around the Vaillancourt Fountain starting today, Monday morning (6/9/25).

This is a precautionary step being taken purely for safety purposes. The recent Conditions Assessment included a structural and environmental review that identified several serious concerns, including:

- Compromised structural elements
- Presence of hazardous materials

Given these findings, we believe it's important to take this measure out of an abundance of caution. I want to emphasize that this action does not indicate any change in direction for the project. The longer-term process is continuing as planned, including full public review through the Arts Commission and Visual Arts Committee, along with ample opportunities for public comment.

Best,

Eoanna

Hi Michelle,

We want to start the process of bringing on a preservation consultant for the fountain disassembly.
Can you help me put together high level a scope of work that we would need the consultant to perform?
What should we be thinking of?

- give input for disassembly (how to)
- How to reconstruct
- How to best to store, size of storage space needed?
- Does a hazmat test need to be completed before disassembly?

Thanks for your help on this!

Kerstin

Hello Planning,

Please see the attached application for HRR determination reports for REC's Embarcadero Plaza/Sue Bierman Park Improvement Project.

Our historic preservation consultant has prepared three HRRs, for the following spaces and structures:

1. Sue Bierman Park
2. Embarcadero Plaza
3. Vaillancourt Fountain

The reports can be accessed here: EmbarcaderoPlazaSueBiermanImprPrjt-FINAL HRRs-072325

Please bill T&M to REC's existing WO.

Let me know if you need any further information. **Please keep the PM @Goodwin, Eoanna (REC) cced on all correspondence** as I'll be OOO July 28 thru August 15.

Thank you,
Kerstin

Hi Rich and Michelle,

Page & Turnbull sent us their proposal. Please see attached. It would be helpful if you could review the whole proposal and let us know if you have any comments/feedback for the consultant.

In addition, we want to discuss if an HRR is needed for the fountain (see Task 0). Do you know if there is enough information existing on the fountain that it would not be necessary to do this step? We do want to ensure that we have a robust historical analyzes on the fountain to justify our plans for the park and hence want to know if existing information is adequate or if we should just do the HRR. Lastly, are the charges reasonable? I thought $12k for Task 4 was high but I am not familiar with storage plans.

Proposal highlights:

- Task 0: Historic Research + Historic Resource Report $5,000.00
  - + Significance Diagrams $3,500.00
- Task 1: Laser Scan / As-Built Drawings $6,150.00
  - Locus Laser Scanning $3,150.00
  - Page & Turnbull $3,000.00
- Task 2: Conditions Assessment + Documentation $22,180.00
  - Hazardous Materials Assessment $5,250.00
  - AME Ground Penetrating Radar + report: $1,930.00
  - Page & Turnbull: $15,000.00
- Task 3: Disassembly Plan $8,500.00
- Task 4: Storage + Crating Plan $12,500.00
- Task 5: Integration into Plaza Art Installation (Pres. Alternatives) $20,000.00 (T&M)
- Task 6: Preservation Consultation $20,000.00 (T&M)

Total $97,830.00

Reimbursable expenses are in addition to the professional fee and are not expected to exceed $2,500.00.

Thank you for reviewing! We'd like to get Page & Turnball contracted ASAP.

Best,
Kerstin

Subject: Embarcadero Plaza - Page & Turnbull Proposal

Hey Alexis, Rick, and Kerstin,

See attached for the Page & Turnbull proposal and cost summary pasted below. Assuming we would want to move forward with Tasks 0, 1, 2, and 6 (total of $33,330 + $20k T&M) at this point. For Task 0, though we may not need an HRR, the report itself may be useful as we proceed.

--

--

I did have $100,000 for Historic Research Evaluation in my CCR, so this was wildly on the money.

Hi Michelle,

I'm adding Rick Cooper and Eoanna Goodwin who is PMing Embarcadero Plaza to the thread here. We want to get out an email RPF to a preservation consultant as soon as possible. We're aiming to work with Page&Turnball on this project.

We want them to create a plan on what we can do with the fountain.

- Disassembly and storage
- Maybe incorporating aspects of the fountain into the plaza art installations

Can you help with fine tuning the scope of work? What else should be thinking of asking them to do?

Thanks!
Happy Holidays,
Kerstin

---

Hi Rich and Michelle,

P&T have sent through their revised proposal for Embarcadero Plaza and Sue Bierman HRR. Please can you review to ensure we are covering everything we need to be.

We will reiterate to them that if they think there is not adequate documentation for the original Embarcadero Plaza HRR we would indeed require them to complete a new evaluation. At this point I think there may be enough info from the original.

Thanks!
Kerstin

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi Eoanna,

I have attached an updated ASR 1 that includes the following:

- Updated scope of work for the Embarcadero and Sue Bierman HRRs;
- Structural Assessment proposal from DCI Engineers.

Note that the structural engineer has 3 months in his schedule to complete his assessment. We will follow up with him today to see if his study can be completed any quicker.

The haz mat consultant is moving forward with testing of the vault samples that they took earlier. They do not need additional fee to do this testing.

Hannah will send our draft significance diagrams and updated Vaillancourt Fountain HRR later today.

If you have any questions, please let us know. FYI, we are moving forward with the Embarcadero and Sue Bierman HRRs in the meantime.

Sincerely,

Carolyn

Improvement Project - 2025-006780HRR

Hello Kerstin,

I have notified our Finance department and the fee for the Historic Resource Review application for **Embarcadero Plaza/Sue Bierman Park Improvement Project** will be added to the quarterly WO. The intake for your project is complete and has been routed to **Monica Giacomucci,** copied here, for the initial review and planner assignment. You will receive an update within 45 days from this email, by **9/8/2025.** Please let me know if you have any further questions.

Thank you.

Hi Virna,

I just gave you access via your email and not planning intake email. Sorry, I didn't realize you also work on the intake. I thought Josephine did Historic Preservation intake and you just EP.

Just want to confirm this application is with the historic preservation division and **not** EP.

Let me know you if need anything else!

Kerstin

Hello Planning,

Please see the attached application for HRR determination reports for REC's Embarcadero Plaza/Sue Bierman Park Improvement Project.

Our historic preservation consultant has prepared three HRRs, for the following spaces and structures:

1. Sue Bierman Park
2. Embarcadero Plaza
3. Vaillancourt Fountain

The reports can be accessed here: EmbarcaderoPlazaSueBiermanImprPrjt-FINAL HRRs-072325

Please bill T&M to REC's existing WO.

Let me know if you need any further information. **Please keep the PM @Goodwin, Eoanna (REC) cced on all correspondence** as I'll be OOO July 28 thru August 15.

Thank you,
Kerstin

Hi Virna,

I just gave you access via your email and not planning intake email. Sorry, I didn't realize you also work on the intake. I thought Josephine did Historic Preservation intake and you just EP.

Just want to confirm this application is with the historic preservation division and **not** EP.

Let me know you if need anything else!

Kerstin

Subject: Embarcadero Plaza/Sue Bierman Park Improvement Project

Hello Planning,

Please see the attached application for HRR determination reports for REC's Embarcadero Plaza/Sue Bierman Park Improvement Project.

Our historic preservation consultant has prepared three HRRs, for the following spaces and structures:

1. Sue Bierman Park
2. Embarcadero Plaza
3. Vaillancourt Fountain

The reports can be accessed here: EmbarcaderoPlazaSueBiermanImprPrjt-FINAL HRRs-072325

Please bill T&M to REC's existing WO.

Let me know if you need any further information. **Please keep the PM @Goodwin, Eoanna (REC) cced on all correspondence** as I'll be OOO July 28 thru August 15.

Thank you,
Kerstin

Kerstin Kalchmayr (she/her)
Planner II | Capital & Planning Division

Subject: CPC/RPD meeting minutes: 11/27/24

Hi Team Planning,

Below our meeting minutes from last week's meeting.

Meeting minutes:

- **Embarcadero Plaza Improvement Project**
  - Plaza has been determined in the Better Market Streets EIR to not be a historic resource due to a lack of integrity
  - Fountain is considered a contributing feature [Contributing to what? Planning – should this be rephrased?]
  - Brick work is not contributing as its also lost integrity
  - Fountain can possibly be placed in storage to be relocated to another location.
  - Planning to determine the appropriate method for codifying this project.
  - RPD will contract with a preservation consultant to determine best method to dismantle the fountain
  - Kerstin and Michelle to work on scope for preservation consultant

- **Bernal Heights Playground**
  - Court order associated with the Kirola lawsuit is requiring REC to fix non-compliant issues at playground by fall 2025

Modest paving improvements are needed to provide accessible access from the sidewalk to the playground
    - Entire playground will be replaced, sand removed and different surfacing (likely turf with pour-in-place rubber in high use areas) will be installed
    - Sandpit is likely to be retained. If removed, it would become part of the play area footprint.
    - RPD expects to submit CEQA application by end of year (2024)
    - Approval action will be the PAL

- **Botanical restroom and Pathway Improvements, Tenderloin Rec Center Bathroom Improvements**
    - Court order associated with the Kirola lawsuit requires ADA improvements at SF Botanical Garden south restroom and Tenderloin Rec Center restroom and pathway updates at Botanical Garden
    - Improvements must be completed by May 2025 or Oct 2025.
    - All 3 improvement projects will likely be submitted on 1 CEQA application
    - Approval action will be the PAL

- **22nd street stairs at Potrero Hill Rec Center**
    - REC to submit CEQA soon
    - DPW's minor encroachment permit not needed for application but state that the permit application is in progress
    - Approval action will be the PAL

- **Japantown Peace Plaza: Pagoda Roof**
    - During construction contractor discovered copper roof on Pagoda is ribbed
    - ARG recommends replacing in kind, however, there were water intrusion issues with this design when originally installed and may not be feasible to reinstall
    - Planning recommends ARG compose a memo identifying the issue and proposing a solution

- **GGP Indigenous Garden**
    - Planning will confirm boundaries of the Murphy windmill landmark to see if current project encroaches on the landmarking site.
    - Project will likely require an HRR part 2 as part of the exemption.

Subject:	RE: CPC/RPD meeting minutes: 11/27/24
Date:	Thursday, December 5, 2024 11:45:00 AM

Sorry for the delay on this. The last bullet point outlines the individual components of the plaza that were found to be contributors to the identified Market Street Cultural Landscape.

- While Justin Herman Plaza possesses significance under NRHP and CRHR Criterion C/3 for its association with master landscape architect, Lawrence Halprin, alterations to the plaza have greatly diminished its integrity such that it no longer conveys its historic significance as an example of how his work helped elevate the influence of landscape architecture as a discipline that provides essential perspective on modern urban planning, or as an example of his work that illustrates the viability of prioritizing sensitivity to human experience and the existing built environment as part of the redevelopment process.

- The property does not appear to be a historical resource for the purposes of the California Environmental Quality Act (CEQA) and has also been evaluated in accordance with Section 15064.5(a)(2)-(3) of the CEQA Guidelines, using the criteria outlined in Section 5024.1 of the California Public Resources Code.

- While the plaza does not retain enough integrity to convey its significance as an individually eligible resource, features of the plaza that do retain integrity contribute as components to the integrity of the Market Street cultural landscape. Thus, the proposed status code is 3D (Contributor to a district that has been fully documented according to OHP instructions and appears eligible for listing).

    - These features are as follows:
        - Justin Herman Plaza Fountain
        - Spatial organization of the irregular pentagon-shaped plan with terraces, promenade, and southern open space
        - Retained pedestrian circulation along two primary axes.

Best,
Michelle

I would just look into the Better Market Streets EIR and the Waterfront Plan EIR, and see if they made a determination on the Embarcadero previously.

We are really looking at whether a prior environmental study or document has made an evaluation of this area.

Hi Kerstin,

I hope you've had a nice weekend. We've had a chance to review the proposal from Page and Turnbull. Because the Embarcadero Plaza was outside of the study area of the Better Market Streets EIR, we should go ahead with the HRR to get a formal and robust analysis of the fountain.

The proposal and estimate appears on track; we may not need preservation alternatives if we aren't doing an EIR, but we will know more after the completion of the HRR. It makes sense that Tasks 5 and 6 are T&M.

Please let us know if you'd like to chat before our check-in on Wednesday.

Thanks!
Michelle

Subject: FW: Embarcadero Plaza - Page & Turnbull Proposal

Hi Rich and Michelle,

Page & Turnbull sent us their proposal. Please see attached. It would be helpful if you could review the whole proposal and let us know if you have any comments/feedback for the consultant.

In addition, we want to discuss if an HRR is needed for the fountain (see Task 0). Do you know if there is enough information existing on the fountain that it would not be necessary to do this step? We do want to ensure that we have a robust historical analyzes on the fountain to justify our plans for the park and hence want to know if existing information is adequate or if we should just do the HRR. Lastly, are the charges reasonable? I thought $12k for Task 4 was high but I am not familiar with storage plans.

Proposal highlights:

- Task 0: Historic Research + Historic Resource Report $5,000.00
  - + Significance Diagrams $3,500.00
- Task 1: Laser Scan / As-Built Drawings $6,150.00
  - Locus Laser Scanning $3,150.00
  - Page & Turnbull $3,000.00
- Task 2: Conditions Assessment + Documentation $22,180.00
  - Hazardous Materials Assessment $5,250.00
  - AME Ground Penetrating Radar + report: $1,930.00
  - Page & Turnbull: $15,000.00
- Task 3: Disassembly Plan $8,500.00
- Task 4: Storage + Crating Plan $12,500.00
- Task 5: Integration into Plaza Art Installation (Pres. Alternatives) $20,000.00 (T&M)
- Task 6: Preservation Consultation $20,000.00 (T&M)

Total $97,830.00

Reimbursable expenses are in addition to the professional fee and are not expected to exceed $2,500.00.

Thank you for reviewing! We'd like to get Page & Turnball contracted ASAP.

Best,
Kerstin

Hi!

Do either of you know of any other existing research regarding the Vaillancourt Fountain in Embarcadero Plaza? There's quite a bit in the BMS EIR, though technically the Plaza was outside of the official study area, so P&T is being tasked with a formal HRR for the fountain itself. I didn't think so but wanted to confirm.

Thanks!
Michelle

Apologies.

I do think it's a good idea to file an HRR for the fountain and make sure that we have a lot of info on it. If it hasn't been assessed, we need to make sure it gets assessed.

Relative to the scope, the only fee that seems a bit high is the preservation alternatives one. If we aren't doing an EIR, then preservation alternatives aren't necessary.

Task 6 should also be on T&M.

All of the other items look fine.

I don't think we need a specific HRR for the fountain. It can be looped into the larger one and it can be dependent on what is uncovered.

Want to respond back and state we're ok?

Hi – this all looks good to me, though you may know better re: requested fees.

What do we think about an HRR specifically for the fountain? I think it may be warranted, along with a Part II once we have a plan in place. Guessing there will have to be some mitigation measures.

Thanks!

Hi Rich and Michelle,

Page & Turnbull sent us their proposal. Please see attached. It would be helpful if you could review the whole proposal and let us know if you have any comments/feedback for the consultant.

In addition, we want to discuss if an HRR is needed for the fountain (see Task 0). Do you know if there is enough information existing on the fountain that it would not be necessary to do this step? We do want to ensure that we have a robust historical analyzes on the fountain to justify our plans for the park and hence want to know if existing information is adequate or if we should just do the HRR. Lastly, are the charges reasonable? I thought $12k for Task 4 was high but I am not familiar with storage plans.

Proposal highlights:

- Task 0: Historic Research + Historic Resource Report $5,000.00
  - + Significance Diagrams $3,500.00
- Task 1: Laser Scan / As-Built Drawings $6,150.00
  - Locus Laser Scanning $3,150.00
  - Page & Turnbull $3,000.00
- Task 2: Conditions Assessment + Documentation $22,180.00
  - Hazardous Materials Assessment $5,250.00
  - AME Ground Penetrating Radar + report: $1,930.00
  - Page & Turnbull: $15,000.00
- Task 3: Disassembly Plan $8,500.00
- Task 4: Storage + Crating Plan $12,500.00
- Task 5: Integration into Plaza Art Installation (Pres. Alternatives) $20,000.00 (T&M)
- Task 6: Preservation Consultation $20,000.00 (T&M)

Total $97,830.00

Reimbursable expenses are in addition to the professional fee and are not expected to exceed $2,500.00.

Thank you for reviewing! We'd like to get Page & Turnball contracted ASAP.

Best,
Kerstin

Subject: Embarcadero Plaza - Page & Turnbull Proposal

Hey Alexis, Rick, and Kerstin,

See attached for the Page & Turnbull proposal and cost summary pasted below. Assuming we would want to move forward with Tasks 0, 1, 2, and 6 (total of $33,330 + $20k T&M) at this point. For Task 0, though we may not need an HRR, the report itself may be useful as we proceed.

--

--

I did have $100,000 for Historic Research Evaluation in my CCR, so this was wildly on the money.

Hi Kerstin,

Let me double-check with @Vanderslice, Allison (CPC) and @Greving, Justin (CPC); I do believe the BMS EIR has the most comprehensive info to date re: the fountain.

Thanks,
Michelle

Thanks so much Michelle for reviewing! We'll include an HRR then.
Just one more thing. We wanted to ask if you have any additional resources or reports on the fountain, apart from the Better Market Street EIR that we can pass on to Page & Turnball to include in their report? We'd like to minimize duplicate efforts.

Thanks,
Kerstin

Hi Kerstin,

I hope you've had a nice weekend. We've had a chance to review the proposal from Page and Turnbull. Because the Embarcadero Plaza was outside of the study area of the Better Market Streets EIR, we should go ahead with the HRR to get a formal and robust analysis of the fountain.

The proposal and estimate appears on track; we may not need preservation alternatives if we aren't doing an EIR, but we will know more after the completion of the HRR. It makes sense that Tasks 5 and 6 are T&M.

Please let us know if you'd like to chat before our check-in on Wednesday.

Thanks!
Michelle

Okay, so no HRR. What do you mean by the larger one? There's the Better Market Streets EIR but didn't we determine the Embarcadero was officially outside of the study area?

What do you think about the fees?

I don't think we need a specific HRR for the fountain. It can be looped into the larger one and it can be dependent on what is uncovered.

Want to respond back and state we're ok?

Hi – this all looks good to me, though you may know better re: requested fees.

What do we think about an HRR specifically for the fountain? I think it may be warranted, along with a Part II once we have a plan in place. Guessing there will have to be some mitigation measures.

Thanks!

Hi Kerstin,

Let me double-check with @Vanderslice, Allison (CPC) and @Greving, Justin (CPC); I do believe the BMS EIR has the most comprehensive info to date re: the fountain.

Thanks,
Michelle

Thanks so much Michelle for reviewing! We'll include an HRR then.
Just one more thing. We wanted to ask if you have any additional resources or reports on the fountain, apart from the Better Market Street EIR that we can pass on to Page & Turnball to include in their report? We'd like to minimize duplicate efforts.

Thanks,
Kerstin

Hi Kerstin,

I hope you've had a nice weekend. We've had a chance to review the proposal from Page and Turnbull. Because the Embarcadero Plaza was outside of the study area of the Better Market Streets EIR, we should go ahead with the HRR to get a formal and robust analysis of the fountain.

The proposal and estimate appears on track; we may not need preservation alternatives if we aren't doing an EIR, but we will know more after the completion of the HRR. It makes sense that Tasks 5 and 6 are T&M.

Please let us know if you'd like to chat before our check-in on Wednesday.

Thanks!
Michelle

Subject: FW: Embarcadero Plaza - Page & Turnbull Proposal

Hi Rich and Michelle,

Page & Turnbull sent us their proposal. Please see attached. It would be helpful if you could review the whole proposal and let us know if you have any comments/feedback for the consultant.

In addition, we want to discuss if an HRR is needed for the fountain (see Task 0). Do you know if there is enough information existing on the fountain that it would not be necessary to do this step? We do want to ensure that we have a robust historical analyzes on the fountain to justify our plans for the park and hence want to know if existing information is adequate or if we should just do the HRR. Lastly, are the charges reasonable? I thought $12k for Task 4 was high but I am not familiar with storage plans.

Proposal highlights:

- Task 0: Historic Research + Historic Resource Report $5,000.00
    - + Significance Diagrams $3,500.00
- Task 1: Laser Scan / As-Built Drawings $6,150.00
    - Locus Laser Scanning $3,150.00
    - Page & Turnbull $3,000.00
- Task 2: Conditions Assessment + Documentation $22,180.00
    - Hazardous Materials Assessment $5,250.00
    - AME Ground Penetrating Radar + report: $1,930.00
    - Page & Turnbull: $15,000.00
- Task 3: Disassembly Plan $8,500.00
- Task 4: Storage + Crating Plan $12,500.00
- Task 5: Integration into Plaza Art Installation (Pres. Alternatives) $20,000.00 (T&M)
- Task 6: Preservation Consultation $20,000.00 (T&M)

Total $97,830.00

Reimbursable expenses are in addition to the professional fee and are not expected to exceed $2,500.00.

Thank you for reviewing! We'd like to get Page & Turnball contracted ASAP.

Best,
Kerstin

Subject: Embarcadero Plaza - Page & Turnbull Proposal

Hey Alexis, Rick, and Kerstin,

See attached for the Page & Turnbull proposal and cost summary pasted below. Assuming we would want to move forward with Tasks 0, 1, 2, and 6 (total of $33,330 + $20k T&M) at this point. For Task 0, though we may not need an HRR, the report itself may be useful as we proceed.

--

Hi!

Do either of you know of any other existing research regarding the Vaillancourt Fountain in Embarcadero Plaza? There's quite a bit in the BMS EIR, though technically the Plaza was outside of the official study area, so P&T is being tasked with a formal HRR for the fountain itself. I didn't think so but wanted to confirm.

Thanks!

Thanks so much Michelle for reviewing! We'll include an HRR then.
Just one more thing. We wanted to ask if you have any additional resources or reports on the fountain, apart from the Better Market Street EIR that we can pass on to Page & Turnball to include in their report? We'd like to minimize duplicate efforts.

Thanks,
Kerstin

Subject: RE: Embarcadero Plaza - Page & Turnbull Proposal

Hi Kerstin,

I hope you've had a nice weekend. We've had a chance to review the proposal from Page and Turnbull. Because the Embarcadero Plaza was outside of the study area of the Better Market Streets EIR, we should go ahead with the HRR to get a formal and robust analysis of the fountain.

The proposal and estimate appears on track; we may not need preservation alternatives if we aren't

doing an EIR, but we will know more after the completion of the HRR. It makes sense that Tasks 5 and 6 are T&M.

Please let us know if you'd like to chat before our check-in on Wednesday.

Thanks!
Michelle

Subject: FW: Embarcadero Plaza - Page & Turnbull Proposal

Hi Rich and Michelle,

Page & Turnbull sent us their proposal. Please see attached. It would be helpful if you could review the whole proposal and let us know if you have any comments/feedback for the consultant.

In addition, we want to discuss if an HRR is needed for the fountain (see Task 0). Do you know if there is enough information existing on the fountain that it would not be necessary to do this step? We do want to ensure that we have a robust historical analyzes on the fountain to justify our plans for the park and hence want to know if existing information is adequate or if we should just do the HRR. Lastly, are the charges reasonable? I thought $12k for Task 4 was high but I am not familiar with storage plans.

Proposal highlights:

- Task 0: Historic Research + Historic Resource Report $5,000.00
  - + Significance Diagrams $3,500.00
- Task 1: Laser Scan / As-Built Drawings $6,150.00
  - Locus Laser Scanning $3,150.00
  - Page & Turnbull $3,000.00
- Task 2: Conditions Assessment + Documentation $22,180.00
  - Hazardous Materials Assessment $5,250.00

    - AME Ground Penetrating Radar + report: $1,930.00
    - Page & Turnbull: $15,000.00
- Task 3: Disassembly Plan $8,500.00
- Task 4: Storage + Crating Plan $12,500.00
- Task 5: Integration into Plaza Art Installation (Pres. Alternatives) $20,000.00 (T&M)
- Task 6: Preservation Consultation $20,000.00 (T&M)

Total $97,830.00

Reimbursable expenses are in addition to the professional fee and are not expected to exceed $2,500.00.

Thank you for reviewing! We'd like to get Page & Turnball contracted ASAP.

Best,
Kerstin

Subject: Embarcadero Plaza - Page & Turnbull Proposal

Hey Alexis, Rick, and Kerstin,

See attached for the Page & Turnbull proposal and cost summary pasted below. Assuming we would want to move forward with Tasks 0, 1, 2, and 6 (total of $33,330 + $20k T&M) at this point. For Task 0, though we may not need an HRR, the report itself may be useful as we proceed.

--

--

I did have $100,000 for Historic Research Evaluation in my CCR, so this was wildly on the money.

Hi Michelle and Rich,

Would you be able to review by the end of the day tomorrow (Tuesday)?

A note from Kerstin on her review:
One thing I want to confirm with Planning: On P&T note below which is on page 2, I think they also need to include any changes to the plaza since that last DPR evaluation. I think we discussed that too. But I want Planning to confirm if that's at all relevant to do if they are not re-evaluating the plaza.

Note: *The Embarcadero Plaza HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding. Historic photos, newspaper articles, and journal articles will not be included.*

@Cooper, Rick (REC) let us know if there's anything else to add, too.

Subject: Re: Embarcadero Plaza and Sue Bierman Park HRR proposal - ASR #1

We don't need a new determination. We need P&T to be very clear about the prior determinations and if the documentation is unclear, then they should provide an assessment.

Hi Michelle,

I want to get clarification on your comment below. We just received a revised proposal from P&T for the Embarcadero Plaza HRR.
They have noted that the HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding and note whether any
changes since 2016 have impacted historic integrity. (Historic photos, newspaper articles, and journal articles will not be included).

From your comment below, it sounds like you would rather have them complete a new historic resource evaluation. I know you mention you would need them to opine on the status of the current plaza but can they just do it within their described summary above or does it have to rather be captured in a formal new evaluation??

Hi all,

The consultant does include a summary of alterations since the 2016 DPR form evaluation in their scope for the streamlined Embarcadero Plaza HRR, which is good.

It looks like for the Embarcadero HRR, they're going to be summarizing the prior evaluation from Better Market Streets and focusing on alterations since 2016, but with no new evaluation. I think we do need to have them opine as to if the previous evaluation has changed or not, given any alterations over the past few years. We want them to affirm an evaluation and/or a historic status of the property.

No issues with the Sue Bierman HRR proposal.

Hi Michelle,

I want to get clarification on your comment below. We just received a revised proposal from P&T for the Embarcadero Plaza HRR.
They have noted that the HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding and note whether any
changes since 2016 have impacted historic integrity. (Historic photos, newspaper articles, and journal articles will not be included).

From your comment below, it sounds like you would rather have them complete a new historic resource evaluation. I know you mention you would need them to opine on the status of the current plaza but can they just do it within their described summary above or does it have to rather be captured in a formal new evaluation??

Subject: RE: Embarcadero Plaza and Sue Bierman Park HRR proposal - ASR #1

Hi all,

The consultant does include a summary of alterations since the 2016 DPR form evaluation in their scope for the streamlined Embarcadero Plaza HRR, which is good.

It looks like for the Embarcadero HRR, they're going to be summarizing the prior evaluation from Better Market Streets and focusing on alterations since 2016, but with no new evaluation. I think we do need to have them opine as to if the previous evaluation has changed or not, given any alterations over the past few years. We want them to affirm an evaluation and/or a historic status of the property.

No issues with the Sue Bierman HRR proposal.

ASR1_Embarcadero Plaza and Sue Bierman HRRs_Proposal.pdf

Thanks!

Michelle

Hi Michelle and Rich,

Would you be able to review by the end of the day tomorrow (Tuesday)?

A note from Kerstin on her review:
One thing I want to confirm with Planning: On P&T note below which is on page 2, I think they also need to include any changes to the plaza since that last DPR evaluation. I think we discussed that too. But I want Planning to confirm if that's at all relevant to do if they are not re-evaluating the plaza.

***Note:** The Embarcadero Plaza HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding. Historic photos, newspaper articles, and journal articles will not be included.*

@Cooper, Rick (REC) let us know if there's anything else to add, too.

Correct. If the existing information is unclear, then we need P&T to actual provide the assessment.

Subject: Re: Embarcadero Plaza and Sue Bierman Park HRR proposal - ASR #1

We don't need a new determination. We need P&T to be very clear about the prior determinations and if the documentation is unclear, then they should provide an assessment.

Hi Michelle,

I want to get clarification on your comment below. We just received a revised proposal from P&T for the Embarcadero Plaza HRR.
They have noted that the HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding and note whether any
changes since 2016 have impacted historic integrity. (Historic photos, newspaper articles, and journal articles will not be included).

From your comment below, it sounds like you would rather have them complete a new historic resource evaluation. I know you mention you would need them to opine on the status of the current plaza but can they just do it within their described summary above or does it have to rather be captured in a formal new evaluation??

Subject: RE: Embarcadero Plaza and Sue Bierman Park HRR proposal - ASR #1

Hi all,

The consultant does include a summary of alterations since the 2016 DPR form evaluation in their scope for the streamlined Embarcadero Plaza HRR, which is good.

It looks like for the Embarcadero HRR, they're going to be summarizing the prior evaluation from Better Market Streets and focusing on alterations since 2016, but with no new evaluation. I think we do need to have them opine as to if the previous evaluation has changed or not, given any alterations over the past few years. We want them to affirm an evaluation and/or a historic status of the property.

No issues with the Sue Bierman HRR proposal.

Subject: RE: Embarcadero Plaza and Sue Bierman Park HRR proposal - ASR #1

Hi Michelle and Rich,

Would you be able to review by the end of the day tomorrow (Tuesday)?

A note from Kerstin on her review:
One thing I want to confirm with Planning: On P&T note below which is on page 2, I think they also need to include any changes to the plaza since that last DPR evaluation. I think we discussed that too. But I want Planning to confirm if that's at all relevant to do if they are not re-evaluating the plaza.

***Note:** The Embarcadero Plaza HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding. Historic photos, newspaper articles, and journal articles will not be included.*

@Cooper, Rick (REC) let us know if there's anything else to add, too.

We don't need a new determination. We need P&T to be very clear about the prior determinations and if the documentation is unclear, then they should provide an assessment.

Hi Michelle,

I want to get clarification on your comment below. We just received a revised proposal from P&T for the Embarcadero Plaza HRR.
They have noted that the HRR will not include a new historic resource evaluation; it will only include a summary of the prior finding and note whether any
changes since 2016 have impacted historic integrity. (Historic photos, newspaper articles, and journal articles will not be included).

From your comment below, it sounds like you would rather have them complete a new historic resource evaluation. I know you mention you would need them to opine on the status of the current plaza but can they just do it within their described summary above or does it have to rather be captured in a formal new evaluation??

Hi all,

The consultant does include a summary of alterations since the 2016 DPR form evaluation in their scope for the streamlined Embarcadero Plaza HRR, which is good.

It looks like for the Embarcadero HRR, they're going to be summarizing the prior evaluation from

Better Market Streets and focusing on alterations since 2016, but with no new evaluation. I think we do need to have them opine as to if the previous evaluation has changed or not, given any alterations over the past few years. We want them to affirm an evaluation and/or a historic status of the property.

No issues with the Sue Bierman HRR proposal.

I've added my comments. I agree with Kerstin. P&T actually had to affirm the earlier findings. Or, state otherwise. They present info, but don't provide a conclusion.

We need an affirmative statement ie. Embaracdero Plaza is not a historic resource due to lack of integrity or something like that.

Subject: RE: Embarcadero Plaza HRR Draft for review

I've added my comments. I agree with Kerstin. P&T actually had to affirm the earlier findings. Or, state otherwise. They present info, but don't provide a conclusion.

We need an affirmative statement ie. Embaracdero Plaza is not a historic resource due to lack of integrity or something like that.

Hi,

Just wanted to touch base about the review status of the Embarcadero Plaza HRR. Michelle has reviewed and left comments in response to mine.
Rick has reviewed. @Sucre, Richard (CPC) will you have time to review this too?

Thanks,
Kerstin

Importance: High

Hi Rick, Rich, and Michelle,

Page & Turnbull have sent through their draft Embarcadero Plaza HRR – pls see at link below. Pls review and pls add any comments and edits directly into the document. You all have editing privileges.

If you're able to review by next **Wednesday April 23** that would be great! We can schedule a meeting to discuss any comments.

Embarcadero Plaza HRR

FYI: the Sue Bierman HRR draft will be coming by the end of this week.

Thank you!
Kerstin

Hi Michelle,

Below is the link to the final 3 HRR docs for the Embarcadero Plaza Improvement Project.

P&T added some updates to the Fountain HRR with some new info they learned and sent us the updated doc yesterday. These are now the final docs which you can use for your HRR Part 1 reports.

FINAL HRRs-051625

FYI…These are the updates that were made to the Fountain HRR per P&T

"Since we issued the previous report, I was made aware that the original concrete cubes around the air intake vents are in fact extant within the chain-link fence area – so I wanted to correct the chronology which said that they were demolished in the 2000s renovation"

Thanks,
Kerstin

Subject: Embarcadero Plaza Update: Safety Fencing at Vaillancourt Fountain

Hi Rich, Michelle, and Tania,

I hope you are doing well. I'm reaching out to give you a quick heads-up that the Recreation and Park Department will be installing temporary safety fencing around the Vaillancourt Fountain starting today, Monday morning (6/9/25).

This is a precautionary step being taken purely for safety purposes. The recent Conditions Assessment included a structural and environmental review that identified several serious concerns, including:

- Compromised structural elements
- Presence of hazardous materials

Given these findings, we believe it's important to take this measure out of an abundance of caution. I want to emphasize that this action does not indicate any change in direction for the project. The longer-term process is continuing as planned, including full public review through the Arts Commission and Visual Arts Committee, along with ample opportunities for public comment.

Best,

Eoanna

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Dear SF Historic Preservation Commission,

It has come to my attention that there are plans to replace Lawrence Halprin's iconic landscape, the Embarcadero Plaza, with something new. I believe this iconic landscape should be preserved and listed in the National Register of Historic Places as well as a San Francisco Landmark. Significant landscapes, together with buildings, define "place" and should be remembered, not forgotten.

While I live and practice landscape architecture on the other side of the country, I cherish landscape landmarks wherever they happen to be. It would be a tragedy to lose this one.

Thank you for your consideration,
Catherine Oranchak

Dear SF Historic Preservation Commission,
It has come to my attention that there are plans to replace Lawrence Halprin's iconic landscape, the Embarcadero Plaza, with something new. I believe this iconic landscape should be preserved and listed in the National Register of Historic Places as well as a San Francisco Landmark. Significant landscapes, together with buildings, define "place" and should be remembered, not forgotten.

While I live and practice landscape architecture on the other side of the country, I cherish landscape landmarks wherever they happen to be. It would be a tragedy to lose this one.

Thank you for your consideration,
Catherine Oranchak

Hello Catherine,

I am responding back to your message, and have included our HPC Commissioners as a BCC.

We are currently working with SF Rec and Park to determine the extent of the historic features that are present at Embarcadero Plaza. We've not completed our work.

We will follow-up with additional information for an appropriate contact person at SF Rec and Park, who will have more information on the proposed designs.

Thank You,
Rich

Also adding @Sucre, Richard (CPC).

- Thorough conditions assessment and documentation – 3D laser scan?
- As built-drawings
- Disassembly plan
- Storage plan – do custom crates need to be fabricated?

Rich – am I missing anything?

Generally speaking, I do have concerns about placing the disassembled fountain into storage. We will likely need a concrete plan for reuse of the fountain before we can sign off on its removal.

Hi Michelle,

I'm adding Rick Cooper and Eoanna Goodwin who is PMing Embarcadero Plaza to the thread here. We want to get out an email RPF to a preservation consultant as soon as possible. We're aiming to work with Page&Turnball on this project.

We want them to create a plan on what we can do with the fountain.

- Disassembly and storage
- Maybe incorporating aspects of the fountain into the plaza art installations

Can you help with fine tuning the scope of work? What else should be thinking of asking them to do?

Thanks!
Happy Holidays,
Kerstin

Hi Michelle,

We want to start the process of bringing on a preservation consultant for the fountain disassembly.
Can you help me put together high level a scope of work that we would need the consultant to perform?
What should we be thinking of?

- give input for disassembly (how to)
- How to reconstruct
- How to best to store, size of storage space needed?
- Does a hazmat test need to be completed before disassembly?

Thanks for your help on this!

Hello Planning,

Please see the attached application for HRR determination reports for REC's Embarcadero Plaza/Sue Bierman Park Improvement Project.

Our historic preservation consultant has prepared three HRRs, for the following spaces and structures:

1. Sue Bierman Park
2. Embarcadero Plaza
3. Vaillancourt Fountain

The reports can be accessed here: EmbarcaderoPlazaSueBiermanImprPrjt-FINAL HRRs-072325

Please bill T&M to REC's existing WO.

Let me know if you need any further information. **Please keep the PM @Goodwin, Eoanna (REC) cced on all correspondence** as I'll be OOO July 28 thru August 15.

Thank you,
Kerstin

Hello Planning,

Please see the attached application for HRR determination reports for REC's Embarcadero Plaza/Sue Bierman Park Improvement Project.

Our historic preservation consultant has prepared three HRRs, for the following spaces and structures:

1. Sue Bierman Park
2. Embarcadero Plaza
3. Vaillancourt Fountain

The reports can be accessed here: EmbarcaderoPlazaSueBiermanImprPrjt-FINAL HRRs-072325

Please bill T&M to REC's existing WO.

Let me know if you need any further information. **Please keep the PM @Goodwin, Eoanna (REC) ced on all correspondence** as I'll be OOO July 28 thru August 15.

Thank you,

Kerstin

Hi Virna,

I just gave you access via your email and not planning intake email. Sorry, I didn't realize you also work on the intake. I thought Josephine did Historic Preservation intake and you just EP.

Just want to confirm this application is with the historic preservation division and **not** EP.

Let me know you if need anything else!

Kerstin

Just added a few comments into fountain HRR. Its very well written. I do want them to reconcile the description of the fountain's HRR with the Embarcadero Plaza HRR. I feel like the Fountain HRR made a clearer statement of the Plaza's eligibility rather than the actual Embaracadero Plaza HRR.

Subject: RE: Kalchmayr, Kerstin (REC) shared the folder "Embarcadero Plaza" with you

Just added a few comments into fountain HRR. Its very well written. I do want them to reconcile the description of the fountain's HRR with the Embarcadero Plaza HRR. I feel like the Fountain HRR made a clearer statement of the Plaza's eligibility rather than the actual Embaracadero Plaza HRR.

Rich and Michelle,

Quick-ish question: Big picture, if we can and are able to move the fountain - to a different location or in storage as sites are being analyzed - I believe that would avoid an EIR. Would or could that be a CatEx or a Neg Dec?

Subject: PRJ application: Embarcadero Plaza and Sue Bierman Park Improvement Project

Hello Planning,

Please see the attached PRJ application for the Embarcadero Plaza & Sue Bierman Park Improvement Project.

Please bill to RPD's existing WO.

Please let us know if more information is required.

Thank you,

Kerstin

Date:	Tuesday, August 12, 2025 3:11:00 PM

Hi Lia,

@Kalchmayr, Kerstin (REC) from Rec and Park submitted an HRR application for Sue Bierman Park, Embarcadero Plaza and the Vaillancourt Fountain on 7/24. HRRs were necessary to identify any historic resources. They received three consultant reports from Page and Turbull, and I will be working on the formal HRR response from Planning within the next few weeks.

Thanks!

Subject: SF Rec and Park Historic Resource Evaluation (HRE) Consultation and Input Requested

Hello,

I'm Lia, a planning intern at the San Francisco Recreation and Parks Department. I am completing a Public Project Application Form for a Rec & Park renovation of Sue Bierman Park and Embarcadero Plaza and would like your assistance determining if renovations on the blocks and lots (below) will require a historic resource evaluation report.

Blocks/Lots - East side of Sue Bierman Park and north side of Embarcadero Plaza

- 0233/035
- 0202/020
- 0202/018
- 0202/015

In SFPIM, the blocks and lots are not on registers of historic places and are not in an active SF Survey area. However, the blocks/lots are "Unknown/Age Eligible" status under the "Planning Department Historic Resource Status" category, and the SF Historic and Cultural Resource Survey result is "", which I was not sure how to interpret.

Please let me know if you can answer my questions, or point me in the right direction.

Thank you,

Lia Bobay (she/her)

Hi Eoanna,

I'd prefer to have an internal discussion first, but I defer to @Sucre, Richard (CPC), who will back in the office on Monday.

Also – how did things go at Art Commission?

Thanks!

Hi Michelle and Rich,

Our partner on the Embarcadero Plaza project, Aaron Fenton with BxP, asked to join in on the

discussion on Thursday. As owner of Embarcadero Center, they know the site and site history well and may be able to contribute background knowledge to some of our findings as well. Checking with you to see if that's OK if he joins the Teams call?

Best,

Eoanna

Thanks Kerstin.

As long as you're confident that the consultant will result in a clear determination of the historic status, then we've fine with the scope of work.

If you want to make sure that it is absolutely certain, you can have P&T include an optional scope of work for an assessment that would only be utilized if the literature review is unclear. But, its your choice.

Hi Rich and Michelle,

P&T have sent through their revised proposal for Embarcadero Plaza and Sue Bierman HRR. Please can you review to ensure we are covering everything we need to be.

We will reiterate to them that if they think there is not adequate documentation for the original Embarcadero Plaza HRR we would indeed require them to complete a new evaluation. At this point I think there may be enough info from the original.

Thanks!
Kerstin

This message is from outside the City email system. Do not open links or attachments from untrusted sources.

Hi Eoanna,

I have attached an updated ASR 1 that includes the following:

- Updated scope of work for the Embarcadero and Sue Bierman HRRs;
- Structural Assessment proposal from DCI Engineers.

Note that the structural engineer has 3 months in his schedule to complete his assessment. We will follow up with him today to see if his study can be completed any quicker.

The haz mat consultant is moving forward with testing of the vault samples that they took earlier. They do not need additional fee to do this testing.

Hannah will send our draft significance diagrams and updated Vaillancourt Fountain HRR later today.

If you have any questions, please let us know. FYI, we are moving forward with the Embarcadero and Sue Bierman HRRs in the meantime.

Sincerely,

Carolyn
